

Racetrack Chaplaincy

- Mission:** To serve and minister to the racetrack community.
- Location:** Woodbine Racetrack and Mohawk Racetrack
- Ministry:** Pastoral care and visitation, community BBQs
- Involvement:** In 2016, Bill Galvin (chaplaincy board member) reached out to NPC for support. NPC was invited to present an award as part of a fundraising endeavor called "The stable that God loves" where horse breeders donate a portion of their winnings to support the chaplaincy. Since then, there have been a few opportunities to support their community BBQs at the various training centres but nothing panned out. Recently the chaplaincy asked for support in helping a family for Christmas that was struggling and the congregation responded generously providing food, gifts for the children and gift cards.
- Needs:** The chaplaincy is connected with many individuals who are in need and there may be opportunities to help through donations in the future. It may also be possible to have representation from NPC on the chaplaincy board to assist with events and other fundraising projects.
